THE
POST-OFFICE
ANNUAL DIRECTORY,
AND CALENDAR,

FOR

1840-41.

THIRTY-FIFTH PUBLICATION.

EDINBURGH:
PRINTED BY BALLANTYNE AND HUGHES,

FOR THE LETTER-CARRIERS OF THE GENERAL POST-OFFICE.

1840.

THE Proprietors of the EDINBURGH POST-OFFICE DIRECTORY beg to return their grateful acknowledgments for the encouragement with which their labours have hitherto been received by the Public, and at the same time to express a hope that the efforts which they have this year made to render their Publication extensively useful, will meet with similar approbation. No labour nor expense has been spared to promote its utility ; the utmost care and attention have been exerted to procure authentic information ; and whilst they trust that their zeal and assiduity have not been fruitless, it will be their endeavour, in the future editions of the book, to employ the opportunities afforded by their situation to collect every species of information calculated to prove useful to men of business, to merchants and traders, and to the public in general. The Letter-Carriers possess facilities and advantages peculiar to themselves for the preparation of a work of this nature : and as it is equally their interest and their duty to deserve the favour of the public, they will use every honest and fair means to attain so desirable an object.

* * * Copies of the Map may be had by applying to any of the General Post Letter-Carriers, or to R. GRANT and SON, Booksellers, 82, Prince's Street

* * * To those having occasion to circulate advertisements, &c. this part of the Directory, in connexion with the List of Letter-carriers at the beginning of the book, will be exceedingly useful,—the names and addresses being taken from the following list, and then thrown into districts for delivery, according to the rounds of the different Letter-carriers.

LATE DELIVERY OF LETTERS.—Representations having been made of the time occupied by the LETTER CARRIERS in the DELIVERY of their LETTERS through the City, the inconvenience has been ascertained to be in a great measure, if not entirely, attributable to the delays experienced by the Carriers at hall-doors, owing to servants not answering the bells; and in some cases, by the servants not being provided with money to pay the postage. Instructions have been issued to the Letter Carriers to *rap or ring at each hall-door twice*, pausing an instant. The application of the Carrier, therefore, cannot be mistaken; and the public are earnestly requested to aid the Post-master-General in his lordship's anxiety to expedite the general delivery of the correspondence, by obliging servants to answer immediately the Carrier's application, and to have the servant previously provided with sufficient sums to discharge their demands. The increase of Letters, and the reduction of postage, render it imperative on the public not to delay the Letter Carriers on their walks. Positive orders have been issued to them not to remain at hall-doors where servants are unprovided with money to redeem letters. It is particularly recommended to proprietors of houses and shops to supply themselves with open letter-slips in their hall-doors. If they were to be generally adopted, the delivery of letters would be very greatly accelerated; and nothing would more effectually contribute to the rapid distribution of the public correspondence, than that individuals who reside in common stairs, and whose residences have bells suspended to the street doors, should direct their servants to meet the Letter Carriers on the stairs, and receive their letters from them.

PAID LETTER OFFICE—Hours of attendance from 6-45 a.m. till 10 p.m.

PRIVATE BOXES—By authority of the Post-master-General.—Parties who may wish to have their letters earlier than they can be delivered by the Letter Carriers in the regular round of their delivery, can be accommodated with Private Boxes, at the Paid Letter Office, (for which a fee is charge d), where they can receive their letters by the different mails as soon as sorted; and likewise on Sundays at all hours during which the Paid Letter office is open.

MONEY ORDER OFFICE.

For the security of sums of Money not exceeding £5, the Postmaster-General has authorized an extended system of Money Orders. An Office is open daily (Sundays excepted) from 10 till 4 o'clock, where orders are issued, (payable at sight) on the Postmasters in Scotland, England, and Ireland, and at the following rates of charge: For orders to the amount of £2 and under, the sum of 6d, and for orders amounting to any sum between two and five pounds, ls. 6d.

The public are strongly advised to adopt this mode of transmission of small sums of money, rather than risk the enclosure of sovereigns and other coins; and as it is now impossible to enter cash letters in the mode formerly customary, the Money Order Office is the only certain and safe channel by which money can be sent from one town to another.

The Secretary's, Receiver-General's, Accountant's, and Dead Letter offices, are open from 10 m. to 4 a., Sunday excepted.

BANK NOTES, BANK POST BILLS, DRAFTS, &c.

The most secure mode of transmitting Bank Notes, Bank Post Bills, or Drafts, is to divide each, and send the halves by different posts, waiting the acknowledgment of the one half before forwarding the other.

BOTTLES CONTAINING LIQUID, AND OTHER ARTICLES OF A BRITTLE NATURE, should not be forwarded through the Post, as they are almost invariably broken, either by the operation of Stamping or by the friction of the Mail Coaches. It is besides improper so to transmit such articles, as by accidents to them, the seals of Letters in the bags may be damaged, the Letters mutilated, or their addresses entirely effaced. For similar reasons, articles having sharp or hard edges should not be transmitted through the Post.

RATES OF POSTAGE.

ALL LETTERS, whether LOCAL, PENNY, or GENERAL POST, FOREIGN or COLONIAL, are charged by WEIGHT, according to the following scale:—

Not exceeding half an oz., . . . One Rate
Above half an oz., and under one oz., Two Rates
— one oz. — two oz., Four Rates

and so on, in adding two Rates for every additional
ounce or fractional part thereof, no distinction
is made after the first ounce, between the ounce
and fraction of an ounce; a letter weighing above

when posted, or written on stamped paper, or in-
closed in a stamped cover, or having a stamp or
stamps affixed thereto; the stamp or stamps being

But if the letter is to be paid on delivery, it is

viously paid or not, in addition to any Postage that

MAIL-COACH ROUTES FROM EDINBURGH,

SHOWING THE ARRIVAL AND RETURN OF THE MAIL AT EACH OF THE UNDER-MENTIONED PLACES.

THE following Lists will, it is hoped, be found of much importance to the Public, as showing the course of Post, and enabling persons to avail themselves of Mail Conveyances. A very trifling calculation will also enable them to ascertain the time of the Mail passing any of the intermediate places. The Third Column shows the time of the Mail passing, and the last that of its return to Edinburgh. The return of the London Mails is calculated by London time.

**REGULATIONS
FOR THE
HACKNEY-COACHES OF EDINBURGH.**

It is enacted by the LORD PROVOST and MAGISTRATES of Edinburgh,—

1. That no Carriage shall ply for hire within the City, Suburbs, or Port of Leith, without being approved of and licensed by a Magistrate. Each License shall continue in force for two years only.

2. That each licensed Carriage shall have a number issued for it, which shall be affixed, together with the Owner's name, in legible letters, of a colour different from the Carriage, at least one inch in length, on each door, immediately below the window frame; and the number shall also be distinctly painted on the centre of the back of the Carriage, or on a piece of tin fixed under the back window.

3. That each licensed Carriage shall be always provided with horses in good condition; and the Carriage, including the cushions, steps, springs, blinds, windows, and check strings, as also the harness of the horses, shall always be kept in good order and repair. The coachman, when driving, shall always keep the check-string in his left hand.

4. That each Coachman shall be cleanly in his person, and conduct himself in a proper, civil, and decorous manner on all occasions.

5. That the Stances shall be South College street, Tron Church, Prince's street East and West ends, George street between Hanover and Frederick streets, Queen street East and West ends, and Union place, or at such other places as may from time to time be appointed. While the Carriages are at the

Stances, the coachman shall either sit on the box or stand at the horses' heads.

6. That there shall not be fewer than six Carriages at each Stance every week-day at 9 o'clock, A.M., and on Sunday, one-fourth of the Carriages licensed shall attend at each Stance from 10 A.M. to 10 P.M. in rotation of numbers.

7. That, when a Carriage is at a Stance, it shall be held to be disengaged. The Coachman shall not enquire where he is to go previously to being engaged—nor plead a pretended prior engagement—nor draw off the Stance on account thereof, the proof of a real engagement lying with the Coachman. He shall wait, either at taking up or setting down a Party, as long as he shall be required. When a Carriage is engaged, the hour shall be punctually kept, and the arrival immediately announced.

8. That Carriages shall be hired from the Stance nearest the residence of the Party.

9. That all parcels or other articles left in Carriages shall be immediately returned to the Owner, if known, or if not known, shall be sent to the Council Chamber.

10. That the fares shall be charged in terms of the annexed Table.

11. That a copy of these Regulations shall be kept by each Coachman; and the Regulations shall be enforced in the Council Chamber, at the instance of the Procurator-Fiscal, by penalties not exceeding One Pound sterling for each offence, or by withdrawing the license. LIFE DEPARTMENT.

THE CALEDONIAN INSURANCE COMPANY offers to the Public the security of an ample subscribed capital, as a Guarantee Fund, together with all the advantages resulting from a participation of profits on the Mutual Assurance Plan without risk, while, for the convenience of those who prefer a CERTAIN future benefit at a low rate of Premium, the Company grants Policies without participation either for the whole period of life, or for short periods at corresponding rates of Premium. In both, the rates are fixed as low as is deemed consistent with safety, and it is provided that, at the expiration of the first ten years, and afterwards of EVERY SEVENTH YEAR, the Profits shall be ascertained by a careful investigation, and that FOUR-SIXTHS thereof shall be apportioned to each policy of five years' standing, and upwards, entitled to participate, and that according to the number of years such policy has existed.

ONE-SIXTH is set aside as a guarantee fund for the Life Policy holders, and eventually, at periodical investigations, apportioned among those entitled to participate, the remaining ONE-SIXTH is allotted for the Proprietors of the Company, as a consideration for their having pledged their subscribed and accumulated capital in addition to the profits of the Life Department, as a farther guarantee to Policy Holders.

Payment of Premium may be made Yearly, Half-yearly, or Quarterly.

The Holders of Policies on the life of another are protected in the event of the party whose life is insured dying by duelling or suicide.

Liberal advances made upon Policies effected with the Company.

A fair price given to parties who wish to surrender their Policies.

No charge made for Entrance-Money. THESE ADVANTAGES ARE NOT EXCEEDED BY THE TERMS OF EVEN THE MOST FAVOURED ESTABLISHMENT, EITHER FOR SECURITY OR LIBERALITY.

FIRE DEPARTMENT.

The Company insures property of every description on the most reasonable terms. A duty of 3s. per cent is payable to Government on all property insured against fire, with the exception of Agricultural Stock, which is now exempt from Duty.

Prospectuses, with Tables of Rates for both Fire and Life Insurance, may be obtained by applying at the Head Office, No. 13, Bank Street, Edinburgh; or 51, Dame Street, Dublin; No. 27, Moorgate Street, London; or to any of the Agencies in Scotland, England, and Ireland.

THE business of this Company consists in effecting Insurances on Lives and Survivorships; Purchasing and Selling immediate and deferred Annuities, Liferent, Reversionary, Contingent, and Postponed, Rights and Interests; granting Endowments to Children; making Provisions to Widows; granting Loans of Money; the Administration, Application, and Management of Trust-Funds, and every other description of Business carried on by any Proprietary Assurance, Reversion, or Trust-Company in Great Britain.

The Company combines the benefits of the Proprietary with those of the Mutual Assurance principle. The Directors have had no common advantages in the construction of the Company's Tables, and in the organization of the whole system on which its business is to be conducted; and the Rates, particularly for persons between the ages of 25 and 50, will be found very favourable for the Assured.

The Company will grant Assurance Policies either for the whole term of Life, or for shorter periods; and either in consideration of a single payment at first, or of Premiums payable annually, half-yearly, or quarterly, as may suit the convenience of the Insured.

This Company have likewise had Tables of Rates calculated, agreeably to which they will grant Policies payable upon the Insured attaining the age of 60 years, or on occasion of death previously. The premium would thus be exigible only during a period of life fitted for active exertion, and the Insured would receive the amount of his Policy when he might wish to retire from business, with a Fund at his command, sufficient for his maintenance or comfort.

THIS Company was established in 1823, and is constituted by Act of Parliament, for the purpose of carrying on the business of Life Assurance in all its branches, on the most approved principles, combining the advantages of a Mutual Assurance Society with the security of a subscribed capital. While the Assured have the right of participating septennially in the profits of the *whole business of the Company*, to the extent of *four-fifths*, they are exempted from all risk and responsibility by a subscribed capital of Half a Million, guaranteed by a large and influential body of Proprietors.

At the first periodical investigation, a BONUS was added to the Policies which had been in existence for five years, entitled to participate, varying in amount from 20 to 38 per cent on the Premiums paid, according to the particular circumstance of each individual Insurance.

The subjoined Tables of Rates, upon examination, will be found to hold out very advantageous terms to persons effecting Insurances with the Company; and it will be seen, that those who do not wish to participate in the profits, have the option of assuring at a lower rate of premium, without participation.

Insurances are effected on Joint Lives, and on Survivorships, and in *any other way* that the interest or convenience of parties may require, upon terms equally advantageous to insurers.

No charge is made for Entrance Money, nor for Policies beyond the amount of the stamp.

Twenty-one days allowed for payment of Premiums. Losses paid three months after proof of death.

Edinburgh Life Assurance Company Continued.

A liberal price is given for Policies which are to be discontinued.

The Company's business is uniformly conducted on the most liberal and equitable principles, and with strictest secrecy. A prospectus, containing full Tables, and every other information, may be had *gratis*, at the Office in Edinburgh, or from any of the Company's Agents.

THE following are among the advantages of this Society :—

1st. The security of an ample Assurance Fund, besides the subscribed Capital.

2dly. For young and middle-aged lives the LOWEST RATES OF PREMIUMS that entitle the Assured to participate in the profits.

3dly. Three-fourths of the profits divided every fifth year among those who have been Assured four years on the equal scale of premiums. The bonus declared in 1834 averaged £16 per cent. on the premiums then paid ; and the bonus awarded in 1839, on the average, is equal to £31 per cent. on the premiums received during the last five years.

4thly. Assurers may have the bonus applied to increase the sum assured, or in reduction of future premiums, either for the remainder of life or for the next five years only.

5thly. Policies granted without any charge to the Assured beyond the stamp duty.

6thly. An option given to Assurers, on the increasing scale of rates, after the lapse of any number of years, to commute the future increasing premium by an equivalent equal annual one for the remainder of life, and thereafter to participate in the profits. The same advantages are applicable to Assurers on the decreasing scale of rates.

7thly. Policies on the lives of parties dying by suicide, duelling, or by the hands of justice, not void as respects the interests of persons to whom they may have been legally assigned.

8thly. No extra charge for residence in any part of Europe, nor for proceeding (in a decked, sailing, or steam vessel,) from any one port thereof to another during peace, to Assurers not being seafaring men by profession. Licences are granted to go to any part of the world upon terms proportionate to the risks.

9thly. Whole-life Policies on the equal scale of premium purchaseable after four years. Lapsed Policies revived on favourable terms to the Assured.

FIRE DEPARTMENT.

THE allowance of ten per cent, which has been made on the Premiums paid on Policies of seven years' standing, is the surest proof of the unprecedented success of this Institution.

LIFE DEPARTMENT.

Tables have been calculated expressly for this Institution, and, independent of a reduced rate of Premiums, as compared with other offices having a subscribed Capital, persons assured for the term of life will be entitled, at the end of every seven years, to one moiety of the profits of the Company, after a deduction of such sum per annum for the Guarantee of the Capital as the Directors may think reasonable, the extent of which is, however, limited by the deed of settlement.

The share of the profits to be so allowed to the assured may be applied, either by adding to the amount of their respective Policies such reversionary sums as are equivalent to such profit, or in reduction of the Premiums thereafter to be payable on such Policies, provided such option be declared in writing within three calendar months after the division shall have been declared; but if such option be not so declared, such share of profits will be added to the amount of the Policies.

The first division of profit to the assured was made to Christmas 1828, and a second division of profit was made to Christmas 1835. At each period the reversionary bonuses added to the several Policies averaged rather more than 28 per cent on the amount of Premiums paid thereon during the preceding seven years.

If any person assured with this Company for seven years, or for life, should die within thirty days after the Premium shall become due, such assurance is to be valid in case the Premium be paid within such period of thirty days.

No additional Premium will be required from Military men, unless when called into actual service.—No charge will be made for Entrance Money, Admission Fees, or for Policies beyond the cost of the stamp.

BY A RECENT DECISION of the Court of Directors, Persons who now effect Insurances with this Company for the whole Term of Life, will Participate in the Profits, after having paid FIVE ANNUAL PREMIUMS, without incurring the responsibility attached to Societies for Mutual Insurance. This advantage is not given to the public by any other office in London except the Equitable Society, where it is confined to the privileged number of five thousand participating members, and will be found very suitable to persons as they advance in life, whereby their expectation of partaking of profits, assigned at distant periods, become very precarious.

The BONUS of L.1. 10s. per cent per annum, declared on Policies in the year 1831, was added to the sums insured, and the present value of such Bonus may either be received by the parties, or applied in reduction of their future Premiums.

The BONUS on Policies now in force, including the Prospective addition recently declared, amounts in many cases to TWENTY PER CENT ON THE SUMS INSURED, and will increase annually, until the next general appropriation of Profits in the year 1841.

Every description of Insurance may be effected with this Company, at REDUCED PREMIUMS, when persons do not participate in Profits.

When persons wish to discontinue their Insurances from any cause, the Company will purchase their Policies upon equitable terms.

Prospectuses, containing Tables of Premiums, and Examples of the different modes in which the Profits can be applied, may be had at either of the Company's Offices, or of any of the Agents, in the principal Towns throughout the Kingdom.

THE following are among the advantages which this Company offers to the Public:—

1st, Very low even rates of Premium, payable annually, half-yearly, or quarterly.

2dly, The facilities afforded to all classes of insurers, by having it in their power to adopt either an *even rate* for life, an *ascending scale*, or a *descending scale*, as may suit the convenience of parties; or, further, an *alternative plan*, by which one-third of the even rate of premium (on policies for the whole of life) may remain unpaid, and be deducted from the sum insured at the end of life, with interest at the rate of four per cent per annum.

3dly, The adaptation of the Tables to any service, or to any country in the world; and it will be found that in Foreign Insurances also, the extra rates charged are considerably lower than those of other offices.

4thly, The Insurance of persons of advanced age, and also the undertaking of risks that might be rejected by other offices, at moderate rates, deduced from very extensive and accurate observations.

5thly, The great facility afforded for the transfer of policies, the Directors, instead of requiring assignments of these to be executed, in every case issuing a new policy in name of the intended assignee, on surrendering the former, and merely paying the price of the new stamp.

THIS Company presents to the assured the advantages of subscribed Capital, moderate Rates of Premium, and a large proportion of Profits. A general statement of the affairs of the Company is submitted every *five years*: and of the Profits ascertained to have accrued, after payment of interest, and the necessary expenses, *four-fifths* are apportioned among the Assured, for the whole term of life, of one or more years standing, in proportion to the amount of Premiums paid by each, and appropriated (at the option of the Assured), either as a Reversionary Bonus, payable when the Policy becomes Claim, or its value applied to the reduction of subsequent Premiums, in such manner as the Directors shall think just and equitable.

J. G. Hopkirk, LL.B., W.S., Chambers, 12 Duke Street, Edinburgh.

THIS Company has been instituted exclusively for the purpose of Reversionary Rights—absolute or contingent—Annuities or Liferent Interests—Policies of Assurance on Lives—Shares in Government and Private Tontines—and in general of all rights extending over Property Funded or Real, or otherwise well secured—the emergence, or term of payment of which, depends upon some contingency of life or survivorship, susceptible of calculation.

Every man of Business must have found, in the course of his experience, much difficulty in securing or realizing those rights belonging to his Clients, which, among the manifold relations of society and individuals, now so frequently arise, under Contracts of Marriage—Entails—and other Destinations, Family Settlements, and similar Deeds, where limited rights of Liferent and Fee, depending in many cases on complicated contingencies, are secured to Parties having separate and frequently conflicting interests. Even where the contingencies by which such rights may be defeated, are comparatively of a remote and improbable nature, they nevertheless are found to affect their marketable value in perhaps a very disproportionate degree. For although a certain class of contingencies may be guarded against by Counter Assurances, through the medium of some one or other of the numerous Life Offices now established, still it is not easy at all times for individuals, unaccustomed to the consideration of such matters, either to devise the most effectual means, as applicable to any particular case, of securing the protection of Life Assurance, or to provide the necessary Funds for the payment of the requisite Premiums. Parties are thus frequently under the necessity of leaving themselves without the protection of Life Assurance, and thereby running the hazard of having their otherwise valuable rights entirely defeated, or are forced to bring them into the market, under every disadvantage. But these difficulties, so formidable, and frequently so oppressive to individuals, disappear, or are greatly modified, when a number of such contingent or reversionary rights are held by a Public Body or Company, who can, with comparative safety, on a large and collective scale, undertake the risk of contingencies, which, in any individual case, it would be most imprudent to hazard; or, if judged expedient, can readily command the means of resorting to the protection of Life Assurance, in the most convenient and efficient form.

THE NORTHERN REVERSION COMPANY has accordingly been established with the view of meeting the exigencies above alluded to. The accurate observations which have now been made on the duration of human life—the valuable practicable tables which have been deduced from these observations—and the well ascertained *formulae* by which such computations are regulated, enable correct calculations to be made in almost every case, of the true worth and value of any reversionary or liferent right, depending on particular or combined contingencies of life or survivorship. While, in this way, the Capital of a Company may be safely invested with a reasonable prospect of remunerating profit, parties having such rights to dispose of, and wishing to realize their fair marketable value, have the means of doing so afforded to them through the medium of this Company, without undergoing the expense and delay, and very frequently the disappointment, attending a Public Sale.

In order, as far as possible, to facilitate the transaction of business with the Company, Forms adapted to various Cases have been prepared, for enabling Parties, or their Agents, to tender proposals of Sale. Copies of these forms, as well as every other necessary information, may readily be had on application to the Secretary of the Company, at his Chambers, 12 Duke Street.

THIS Institution was originally founded by that wealthy and influential body—the Licensed Victuallers of England—and has, in the course of a few years, established its character as one of the most successful Assurance Offices in London. Though connected with the Licensed Victuallers, it is not exclusively confined to persons of that class, but is open to all who may wish to partake of its various advantages.

The Capital Stock of the Company, subscribed by a numerous body of proprietors, affords ample security for all its engagements. The Company insure every description of property from loss or damage by fire.

In the Life Department, the Assured may either participate in two-thirds of the profits arising both from the Fire and Life Policies, as the same shall be declared every five years, or by a lower rate of premium secure a precise sum, without contingent additions.

The premiums are moderate, especially on the Non-Participation scale and for the early and middle periods of life, and may be paid either annually, half-yearly, or quarterly; one half of the premium for the first five years may remain in the hands of the Assured on interest at five per cent.

Advances will be made at all times on policies proportioned to their acquired value, and loans of larger sums will be granted on approved securities.

Annuities are granted on peculiarly favourable terms; and the Company are prepared to treat for every description of business dependent on the contingency of human life.

LIFE SOCIETY.

INSTITUTED AT NORWICH, 1808.

ACCUMULATED CAPITAL, UPWARDS OF L.1,700,000.

THE NORWICH UNION LIFE INSURANCE SOCIETY presents to the Public the following important features, viz:—

First, In point of BUSINESS, it ranks above every other Life Insurance Office, except the Equitable Society of London; the number of its MEMBERS BEING UPWARDS OF SEVEN THOUSAND FIVE HUNDRED.

Second, As a consequence, the advantage arising from an *average decrement of life*, so essential to the prosperity of a Life Insurance Office, is thereby attained.

Third, The SECURITY presented to its Members—arising from an ACCUMULATED FUND OF ONE MILLION SEVEN HUNDRED THOUSAND POUNDS, in addition to an ANNUAL INCOME of L.190,000 from *Premiums alone*.

Fourth, The distribution of the *whole Profits* among the parties insured, and which have already amounted to FOUR HUNDRED AND FORTY-FIVE THOUSAND SEVEN HUNDRED AND NINETY-EIGHT POUNDS.

Fifth, The *Rates of Premium* for Young Lives are lower than those of other Mutual Assurance Offices, and which, in such cases, are consequently equivalent to an ANNUAL BONUS.

The POLICIES now issuing by the Society are in the proportion of SEVEN HUNDRED ANNUALLY.

IMPORTANT ADDITIONS may be confidently anticipated to the Sums insured at the Periodical Division in 1843, in which additions persons who now take out Policies will participate.

NO ENTRANCE-MONEY of any description is demanded.

The Society grants LOANS on approved Security, Heritable or Personal, in connexion with Assurances; and upon Policies of *acquired value* liberal ADVANCES are made.

TABLES of the Society's RATES for INSURANCE and ANNUITIES may be had gratis on application at the Office.

FIRE SOCIETY,

INSTITUTED AT NORWICH, 1797.

This SOCIETY is the ONLY ONE in Scotland that returns to the Policy-Holders, EVERY THREE YEARS, a Dividend out of the Surplus Profits.

In proof of public confidence in the principles and conduct of this Establishment, it may be sufficient to state, that its total BUSINESS now extends to a sum exceeding FIFTY-FIVE MILLIONS STERLING.

By the last Triennial Division of the Society's Profits, TWENTY-ONE THOUSAND POUNDS were set apart to the POLICY-HOLDERS, and the present prosperous state of the Society leaves no doubt that the next Return will greatly exceed any that has heretofore

ADVANTAGES OFFERED BY THIS COMPANY.

A VERY considerable reduction of Premium in the earlier stages of Life, so that L.1200 may be assured for the same annual payments as are required by other offices for the insurance of L.1000; thus securing at the outset, and without the liabilities of a partnership, a bonus equal to 20 per cent on the sum insured, instead of waiting, as in mutual Insurance Companies, for deferred periods, to which, after paying higher rates of Premium, the Insurer may never attain.

A large *invested capital* in the *public funds* for the security of the assured.

Payment of claims three months after death.

Extension of time for payment of renewal of Premiums to thirty days.

Permission to persons, not seafaring by profession, to pass by sea, in time of peace, from any part of Europe to any other part, without paying any extra Premium, and without license of the Directors.

A tender of arbitration in all disputed cases.

Purchase of Policies on the most liberal terms, when the object of an assurance has been effected, or individuals are unable to continue their annual payments.

Endowments on Children attaining the ages of fourteen or twenty-one years.

Annuities granted on the most equitable terms, under a special Act of Parliament.

THIS INSTITUTION is founded on the best and purest principles of mutual assurance. The sound principles of calculation on which such Societies have been established, had long satisfied those acquainted with the subject of the great advantages they conferred on Insurers, and experience having convinced the public of their perfect security, they now fully appreciate the advantages of securing to themselves the whole profits to be derived from a safe and prosperous business.

Great care is exercised by the Directors of this Society in the selection of Lives—in the safe investment of the funds, and the economy of its management. This, combined with the principle of the distribution of its surplus funds, has secured to the Society a rapid advancement in the estimation of the public.

Parties insured for thirteen years have had more than one-fifth added to the amount of their Policies, and the additions to the Policies of less duration have been in the same proportion.

Prospectuses and every information obtained at the Head Office, or at No. 13, St Andrew Square, Edinburgh.

Actuary, James A. Cheyne, Esq.

THIS COMPANY is one of the oldest of the Scottish Offices. It is constituted by Act of Parliament; and the principle of its constitution is sanctioned by the highest authorities on the subject of Life Assurance.

THE CAPITAL OF THE COMPANY IS FIVE HUNDRED THOUSAND POUNDS Sterling, besides which, the Premiums and accumulating interest form an increasing fund, wholly applicable to the purposes of the Institution.

THE BUSINESS OF THE COMPANY embraces every kind of transaction in which life is the contingency; and the Directors are at all times ready to negotiate Loans on approved securities. Money is also advanced by way of Redeemable Annuity.

TO PERSONS ASSURING AT THE LOWEST RATES OF PREMIUM, in connexion with Loan Transactions or otherwise, either for a short period or the whole of life, the terms of this Office will be found particularly favourable, while the most perfect security is afforded, as the Company possesses a subcribed Capital adequate to the most extensive business, in addition to its accumulated Fund.

PERSONS IN EXPECTATION OF ANY FUTURE BENEFIT, to be realized after a term of years, or upon survival of any other life or lives, may provide against loss through death before the object is attained, by particular forms of Assurance adopted by this Company, giving to a postponed or contingent interest all the security, and nearly the same value, with an absolute property.

TO PERSONS ASSURING AS A PROVISION FOR THEIR FAMILIES, OR AS AN INVESTMENT, who may wish to secure, as far as possible, the advantages which the system of Life Assurance holds out, the regulations adopted by this Company for permitting a participation in the profits of the business will be found peculiarly beneficial. The first Investigation of the Company's Affairs took place at 15th November 1835, when very considerable additions were made to Policies. The Second will be instituted at 15th November 1840, and so on quinquennially thereafter.

Standard Life Insurance Company Continued.

SPECIAL NOTICE.—Persons opening Assurances in this last-mentioned class before the close of the books in the year 1840, participate in the Division of Profits to be made in that year, with this additional advantage arising from the particular system of Division adopted by the Company (being similar to that originally pursued by the Equitable Society of London), that one year's standing upon the books gives one year's additional claim for Profits at every future Division the party may surviv.

Tables of the Rates of Premium, and every other information connected with the business of Life Assurance and Annuities, may be had at the Company's Office, 3, George Street, Edinburgh; or from any of their Agents in Scotland, England, or Ireland.

WILL. THOS. THOMSON, *Manager.*

Tables of Rates, &c. can be forwarded by post to any part of the kingdom.

THE UNIVERSAL LIFE ASSURANCE SOCIETY was established for the purpose of effecting Assurances in Great Britain, in India, and in the British possessions elsewhere.

From the parent Institution being in London, with an Establishment in the Metropolis of India for granting Policies, Assurances may be effected in either country. *Assurers in India will, on arrival in England, in approved health, be permitted to pay premiums according to the reduced scale for Great Britain during their residence there.*

The British rates are founded on the most recent and accurate observations of the duration of human life. The rates for India have been calculated with much care from the actual mortality observed to prevail among Europeans in India, distinguishing the Civil Service from the Military; and the Directors are confident they will be found to represent faithfully the adequate premium required at any age.

Persons assured with this Society, for the whole term of life, will be entitled to three-fourths of the profits after they shall have made five complete annual payments. The average profits will be divided annually.

The Assured have the option of appropriating their profits to the immediate reduction of their premiums, or to the augmentation of the sum assured.

The Society will purchase any policy on which not fewer than five annual payments have been made; or, if required, two-thirds of its calculated value will be advanced by way of loan.

THE large accumulated Capital and Annual Revenue of this Institution (which, as a Life Assurance Association, is the oldest and most extensive in point of business in Scotland) enables the Directors to offer to the public the full advantages arising from the principle of its constitution, combined with the utmost measure of Security.

The accumulated Fund now amounts to nearly NINE HUNDRED AND FIFTY THOUSAND POUNDS STERLING, and the annual revenue to nearly ONE HUNDRED AND SEVENTY THOUSAND POUNDS STERLING *per annum*, and both are in a state of steady and rapid increase.

The last periodical investigation of the Society's affairs took place at 31st December, 1838, when large additions were declared to the Assurances entitled thereto. By way of illustration of these, the following particulars are given of the claim arising under a Policy opened on the year 1820, if emerging by the death of the party assured after payment of his premium for the current year :—

ASSURANCES are effected by this Society to the extent of £5000, upon the same sole or joint or surviving life or lives, and are not confined to the profession of the Law, but are open to persons in every station in life. **FOUR-FIFTHS** of the Profits made by this Society will be appropriated to the persons assured for the whole term of life.

On the 31st of December, 1840, and at the end of every Seven Years from that period, the profits divisible amongst the Assured will be apportioned amongst such of the Assured for the whole term of Life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively, subject only to the reservation of such a sum of money as the Directors shall deem necessary to be carried forward, to the period of the next septennial division, for the benefit of the Assured. For the amounts which shall be so apportioned, equivalent reversionary sums will be added to the Policies respectively of those entitled.

The subjoined is a SPECIMEN TABLE of Bonuses, in even pounds, added to Policies of £1000 each, which had been in force during the first ten years of the existence of the Society, and declared on the 31st December, 1833, compared with the amount of Premiums that had been received and improved at interest.

40	401	199	65	925	351

Note.—Due allowance must be made for extreme and intermediate ages, and the difference of years during which the Assurances have been in force; but the general distribution has been made on the principle, and according to the scale above given.

If any persons should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money, payable immediately, or, in consideration of its surrender, to grant a new Policy, without any further annual Premium, for a sum to be agreed upon, payable at the decease of the life assured. And the person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been insured for the space of two years, in £1000 or upwards, for the whole continuance of life, have the power of electing either from among the Proprietors or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their premiums either in a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance money is required; nor any extra Premium on persons in the Army or Navy, unless in actual service.—Assurances may be effected upon the lives of persons residing at a distance from London, by their appearing before a solicitor in the country; and the payment of a fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, and to and from the Islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in Queen's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or license from the Directors.

The sums due on the Policies will be paid within three months after proof of the requisite facts.

Law Life Assurance Society—Continued.

Assurances may be effected through any respectable Attorney or Solicitor in England, of whom Prospectuses may be had. A party may himself effect an Assurance by writing to the Actuary, or attending personally at the Society's Office in FLEET STREET.

The Assured are requested to take notice, that no renewal Premiums are ever received from themselves or their Agents, without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning till Four in the afternoon, at the Office, where the terms of Assurances may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

LIFE DEPARTMENT.

A THIRD Valuation of the Company's Life Risks was completed in June 1838, and the Directors have great satisfaction in stating its result; the Tables annexed show the additions made to the Company's Life Policies. If parties will take the trouble of comparing the Bonus to which a Policy in this office is entitled, with what would attach to a Policy of similar standing at other Offices, (a comparison that may very readily be made, as the printed Proposals of Assurance Companies generally show the amount of periodical additions), it will be seen that such comparison is very favourable to this Company.

The Directors having recently had under their consideration the rates of Premium for Life Assurances, have determined to reduce them considerably for the younger ages, so far as they refer to assurances made for shorter periods than the whole term of life. It is confidently trusted that this reduction in the short term premiums will be found highly useful to such parties as are obliged to insure their lives to perfect securities for temporary loans of money; inasmuch as the saving in the premium of assurance will, in some cases, be nearly 15 per cent.

LIFE DEPARTMENT.

THIS Company effect Life insurances on equitable principles, with entire exemption from the liability of Partnership.

A large Capital, subscribed by the Proprietors, forms the security of the Assured.

The Premiums may be all paid at once, or in any given number of years, *in the option of the party making the Insurance*; a plan, the advantages of which are strikingly obvious, as it affords an opportunity of securing a certain provision, independent of all after risks from failure in paying the Premium, or of paying a larger Premium, while the means of doing so may be more at command; or the Premiums may be paid quarterly, half-yearly, or yearly, as may suit the convenience of those holding the Policies.

Each Policy for Life is entitled to share the surplus profits, which are declared every seven years.

All transactions in the Life Department are considered strictly confidential.

Prompt Payment of Claims is made Three Months after proof of Death.

The following rates of Insurance for single Lives are given as specimens from the Tables. The rates for One and Seven years, and for the whole Period of Life, without Profits, will, it is believed, be found, *on comparison*, very advantageous to the Public, while Insurances for the whole Period of Life are equally so, if the benefit to be ultimately derived from a participation of the Profits is taken into account.

FIRE DEPARTMENT.

Insurances of every description of Property effected at the usual rates, corresponding to the risk. The practice of this Company has been, for upwards of a century, to return the profits on Policies effected for Seven years. Only Six years' premium and duty are charged, and the Government duty may be paid annually, or in one payment.

The stability and character of the LONDON UNION SOCIETY have been satisfactorily proved by the test of upwards of a century, during which long period claims have been invariably discharged with promptness and liberality.

THIS Society transacts all kinds of Life Assurance, Annuity, and Reversionary Business, on the most liberal principles. Among the advantages it offers may be enumerated—

LIFE ASSURANCE DEPARTMENT.

1. Perfect security, from the large paid up capital and accumulated funds, with moderate Rates of Premium.
2. Power to borrow two-thirds of the Premiums paid, without expense.
3. Two-thirds of all premiums paid after the first five years, repaid to assured's representatives in the event of forfeiture through non-continuance of Premiums.
4. Participation in two-thirds of all profits made by the Society.

DEFERRED ANNUITY DEPARTMENT.

1. A small yearly, monthly, or weekly contribution, will secure the most ample return for after life; thus, L.2, 12s. per annum, (*a shilling a-week*) at 20, will, at sixty-five, give the policy holder the choice of an annuity for life of L.47, 16s. 6d.; cash, L.394, 11s. or policy at death, without further contribution, of L.466.

2. Two-thirds Payments returned to Representatives in case of premature death.

3. The same amount at any time lent on deposit of Policy, being a fund always available during sickness or want of employment, thus combining the advantages of a Savings' Bank, and Benefit Society.

Limits of Travelling enlarged, and Suicide no forfeiture after Seven years' payment.

The success of this Society, from the popularity of its new principles, has been great beyond all precedent. It commenced in December 1837, and at its first General Meeting, held on the 13th ultimo, the Report of its proceedings stated, that the number of Policies granted during the first Two years was TWELVE HUNDRED AND THIRTY; the aggregate Premiums received therefrom, THIRTY-ONE THOUSAND TWO HUNDRED AND NINETEEN POUNDS, NINETEEN SHILLINGS AND SEVENPENCE. The amount received from grants of immediate annuities, TWENTY-ONE THOUSAND TWO HUNDRED AND FIFTY-ONE POUNDS, THREE SHILLINGS AND TWOPENCE; and the Society's income for the last year, NINETEEN THOUSAND AND SIXTY-FIVE POUNDS, EIGHT SHILLINGS AND NINEPENCE, which was rapidly increasing, notwithstanding the competition of numerous rivals, all of whom had more or less imitated its principles.

That the few claims hitherto emerging by decease, owing to the cautious selection of Lives, had been nearly counterbalanced by the receipts from short or terminated Policies, on which no claim can arise.

The large Capital already subscribed and invested, with the above rapid accumulations,

National Loan Fund Continued.

forming so ample a Security to the Policy-holders, the Report proposed, in justice to the existing Shareholders by whom the Society had been commenced, that the Reserved Shares should not be issued except at a premium fixed for the present at £1 per Share; and that these Premiums be invested as a fund to defray the necessary expenses of the Society, in order that the entire profits should accrue to the Policy and Shareholders.

The Report, on the motion of Mr Treasurer STODART, seconded by A. WHITE, Esq., M.P. for Sunderland, was unanimously approved of; and thereafter the cordial thanks of the Proprietors were given to the Chairman, Directors, and office-bearers of the Society.

The Central Board for Scotland is empowered to establish agencies throughout Scotland, (*exclusive of Glasgow,*) in communication with itself, to whom all proposals must be transmitted, and by whom Policies will be issued, and claims settled in all respects as a Scottish office.

Applications from suitable persons desirous of forming Agencies, to be made to this Office, where Prospectuses and every requisite information can be obtained.

THIS Institution is intended for the benefit of a numerous class of individuals, who, when labouring under disease, though unable to pay for professional attendance, are unwilling to be considered objects of charity, and enter a public hospital. It will be found advantageous for Servants and Lodgers, who cannot, from their peculiar situations, obtain the necessary attentions and comforts during sickness; and also for patients coming from the country in quest of Medical or Surgical aid, to whom the expense of lodging and attendance, perhaps for a protracted period, would become oppressive.

The House is situated in a quiet and healthy part of the town; the building itself is commodious, the rooms airy, and provided with every necessary convenience; and all the arrangements have been made, with a view to the seclusion and comfort of the Patients.

The rates of admission are 10s. or £1 per week, according to the accommodation required; and these sums are calculated as barely adequate to cover the necessary outlay for nurses, diets, and medicines.

Patients wishing to be admitted to MINTO HOUSE may apply to any of the Medical Officers, and if resident in the country should communicate their intention before coming to town, that arrangements may be made for their immediate reception.

Attached to the Hospital is a DISPENSARY, for the relief of the diseased poor. The Medical Officers attend every day at one o'clock, when advice and medicines are given. Accidents and other cases of urgency are attended to at any hour of the day or night.

MR CAFE, Cupper to the Royal Infirmary, Edinburgh, late Cupper to St George's and Middlesex Hospitals, and the Middlesex Infirmary, London, begs leave to intimate to Medical Gentlemen connected with the Army and Navy, and East India Company's Service, that, in consequence of repeated applications to him from Gentlemen connected with these services, to be taught Cupping, he has commenced giving PRACTICAL Instructions in the Art.

His pellucid and azure tinted lenses (so highly recommended by the Faculty, being graduated both by the English and German scale) render them to be of the finest degrees of foci; and if adapted to each eye, as indicated by this scientific APPARATUS, they will retard the progress of decay, affording coolness to the eye, improving and preserving the visual functions to extreme old age.

PREMIUMS for young and middle ages about one-fourth lower than in other Mutual Assurance Offices.

PROFITS wholly divisible among the Members, and that on a new and equitable principle, peculiarly favourable to good lives.

ASSURANCES effected on every contingency of life, and Premiums paid in any way to suit the convenience of parties.

ANNUITIES—Immediate, Deferred, and Contingent.

The Constitution of the Society thus embraces every advantage which Life Assurance is capable of affording to the Members.

On a comparison of the Premiums in the annexed Table, parties holding Policies in other Offices will, in many cases, find it to be their interest to surrender these, and open new ones with this Office. This has been done, with profit, even with Policies of more than twelve years' standing.

will be perceived that a person of the Age 30 may assure £1,000 for an Annual Premium of £20.15s., considerably less than in any of the other Offices, several of which require a yearly payment of £25:10:10. This latter premium would secure £1,230 in the Scottish Provident,

View of the Principles.

INSTITUTIONS FOR LIFE ASSURANCE are—either PROPRIETARY, OR MUTUAL ASSURANCE.

In PROPRIETARY COMPANIES, either the whole or a large proportion of the profits are taken by the Shareholders, in return for the alleged guarantee of a Capital—often merely nominal—but, at all events, unnecessary. Public opinion has declared strongly in favour of the other class. In a recent number of their Journal, Messrs Chambers state:—"It has been found that, by the plan of Mutual Assurance, all desirable security is afforded, while the profits are divisible among the only parties who have any right to them,—the Assurers. Mutual Assurance Societies are, therefore, rapidly supplanting Assurance Companies, most of which will probably in a few years cease to exist."

In MUTUAL ASSURANCE SOCIETIES, the whole Profits belong to the Members. But hitherto all of them have adopted a rate of Premium confessedly much higher than was necessary, or than was charged by Proprietary Companies, although it is evident that *lower* premiums will suffice,—no provision having to be made out of them for dividend on a capital.

Until the establishment of this Institution, an assurer was thus compelled either to forego altogether the prospect of gain from the profits of his assurance, or to pay a Premium confessedly exorbitant, and disproportional to the risk.

To remedy these defects, and to afford to the Public all the benefit derivable from increased information and experience, the SCOTTISH PROVIDENT INSTITUTION was founded. It is strictly a Mutual Assurance Society; but it differs from those previously existing, in the great reduction of the premiums, and in the more equitable division of the profits.

1. With regard to the *first* of these peculiarities, it will be found that the premium required to assure L.400 in other offices, will secure about L.500 in this. Now, considering the objections to every system of division of profits, it is surely a more rational course for a party assuring to apply the difference between these premiums in securing a larger assurance of specified amount, than to trust to contingent bonuses, of which he may never partake.

2. The principle adopted in the distribution of the profits is,—*that the surplus should be reserved for those members who survive the period at which their Premiums, with accumulated interest, amount to the sums in their Policies.* The superior equity of this principle is thus attested in a recent article in the Quarterly Review: "The general use, by Insurance Offices, of the word 'profits,' is an abuse of the term, they being wholly contingent and remote. It cannot for a moment be questioned, that, instead of 'profit,' the Assurance Office must sustain a loss by every insurer who dies before the amount paid by him in premiums, with the accumulated interest, shall be equivalent to the amount of his Policy; yet, in most of these offices, the representatives share in the *profits*, should the insured die immediately after seven payments. The equitable rule would be, to assign the *bonus* to such only as had survived the expectation of life, according to the generally received law of mortality, or who had paid in premiums, with interest upon them, a sum equal to that for which the life was insured." It is manifest that the surplus, being divided among a comparatively small number, will thus afford a large bonus for those to whom it is so appropriated.

By the practice of other Offices, the representatives of a person assured for L.1000, and dying in his sixth year, will carry off not only the sum contracted for in his Policy, but a further sum, in name of *profit* on his assurance; while the Premiums which he has lived to pay will not amount to one-fourth of his original assurance, and, therefore, the common fund has already been loser by him to the extent of more than L.750. These further additions are consequently just so much taken from what should in equity belong to the remaining members. In this Office, the surplus is reserved and accumulated for the survivors,—an arrangement at once safer, and more advantageous for good lives, than the mode usually adopted.

From the preceding brief statement of the leading principles of the Institution, it must be obvious that its constitution affords to the Members every advantage of which Life Assurance is capable. By the *first* of these, namely, the diminution of the Premiums, the *greatest present benefit is secured to all*; while, by the *second*, the peculiar mode of division of the profits, those who survive the average duration of life will derive the *greatest future contingent advantages*,—a combination presented by no other office than the Scottish Provident.

* Peppermint Lozenges are generally made with Foreign oil, which is nearly one-half of the price of the English kind. The foreign being grown in fields, is distilled with weeds, and is very rank, and of a turpentine flavour. The English is grown in gardens, and has a much finer flavour. These are made with the finest English oil.

† The Lozenges which are sold under the name of Cinnamon Lozenges, are universally made from Cassia Oil. These are prepared with the real Cinnamon Oil, which cannot be had under £5 per lb. The Cassia Oil is only 12s. The difference in the flavour is very great.
